RE: *Wall v. Centers for Disease Control & Prevention*, No. 22-11532

Dear Mr. Smith:

We write to inform the Court of developments that bear on the mootness of this case. By their terms, the Centers for Disease Control and Prevention's transportation mask order and international testing order indicated that they would terminate when the public health emergency declaration expires. *See Requirement for Persons To Wear Masks While on Conveyances and at Transportation Hubs*, 86 Fed. Reg. 8025, 8030 (Feb. 3, 2021) (providing that the mask order "will remain in effect . . . until the Secretary of Health and Human Services rescinds the determination under section 319 of the Public Health Service Act (42 U.S.C. 247d) that a public health emergency exists"); *Requirements for Negative Pre-Departure Covid-19 Test Result or Documentation of Recovery From Covid-19 for All Airline or Other Aircraft Passengers Arriving Into the United States From Any Foreign Country*, 86 Fed. Reg. 69,256, 69,262 (Dec. 7, 2021) (providing that the testing order "will remain in effect . . . until the Secretary of Health and Human Services rescinds the determination under section 319 of the Public Health Service Act (42 U.S.C. 247d) that a public health emergency exists with respect to COVID-19").

The Administration recently announced that the public health emergency declaration is expected to expire on May 11, 2023. *See* Executive Office of the President, Office of Mgmt. & Budget, *Statement of Administration Policy* (Jan. 30, 2023), <https://www.whitehouse.gov/wp->

We respectfully request the opportunity to brief issues of mootness at that time.

Sincerely,

s/ Brian J. Springer
